ⓘ All Practicals complete a self-directed outdoor field trip between September 2-20

Scheduled odd-numbered labs begin week of September 9th

Scheduled even-numbered labs begin week of September 16th

Please be assured that all students enrolled in a Lecture will be accommodated in a practical. The number of practicals currently open in some Fall/Winter courses do not accommodate all students presently enrolled in them. This is deliberate because enrolment patterns change between now and the start of the term. When the term starts, if necessary, we will open additional practicals to accommodate the students enrolled in the course at that time.

For changes to BIOA01H3F practicals after the last date to add a course please email the Biological Sciences Undergraduate Advisor

### **CHMA10H3 PRACTICALS WILL BE CLOSED AS OF 4:00 pm on Friday, September 6th**

If you need to add or make changes to your practical group after this date, please e-mail Veronica Cavallari at [veronica.cavallari@utoronto.ca](mailto:veronica.cavallari@utoronto.ca)

Odd-numbered practical groups have their first lab during the week of September 9th

Even numbered practical groups have their first lab during the week of September 16th

The number of practical sections currently open in some Fall/Winter courses does not accommodate all students presently enrolled in them. This is deliberate because enrolment patterns change between registration dates and the start of the term. When the term starts, if necessary, we may open additional practical sections to try to accommodate the students enrolled in the course at that time. Please note that your practical time may change without notice prior to the start of the term.

This course has Facilitated Study Groups. For more information, please go to <https://www.utsc.utoronto.ca/ctl/facilitated-study-groups-program>

**i Course description:**

The rise of populism has been the focus of a great deal of media attention, much of it focusing on the Global North. Observers, both scholarly and otherwise, are deeply divided on what the term means. This course encourages students to think critically about our current understanding of populism through examining its distinct features in the Global South. This course explores the origins and nature of Global South populisms, with attention to its distinct features and its links to economic globalization and neoliberalism. Identity, inequality, and racial/cultural exclusions are key themes of the course. Case studies include the left populisms of Peronism in Argentina and Hugo Chavez in Venezuela and right populist movements of Jair Bolsonaro of Brazil and Narendra Modi of India.

Step 3: Answer all survey questions in detail to ensure your request to enroll in a Chinese course is processed. If a question is not applicable, indicate NA. If you encounter technical difficulties at this step, click the hyperlinked 'Technical Support' at the bottom right of the webpage or contact [intranet@utsc.utoronto.ca](mailto:intranet@utsc.utoronto.ca)

If you enroll or are admitted from the wait list after the deadline, you must fill out the questionnaire and submit it to the course instructor.

Check your status through ACORN to see whether you have been approved.

- [1] You do need to take the placement/survey if you have never done so before.
- [2] In general, there is NO need to take the test/survey again.

- [3] Please do not email any instructor after you have successfully submitted your test/survey.
- [4] The instructors will receive an automatic email alert.
- [5] You will receive notification from an instructor within two business days regarding your status in the course. Your status on ACORN should be updated within 10 days of this notification.
- [6] Students are welcome to select these courses but will not be officially enrolled until approved.
- [7] Students whose level of proficiency in the language is considered unsuitable for the course will not be permitted to take the course.
- [8] Students are not permitted to take LGGA- and LGGB-level courses in an incorrect sequence (i.e., take a lower level course after a higher level course). Click a specific course code to read the description, including the Exclusion.
